“It was an honor to have Dr. Michele White speak for our Women's Christmas event in 2022. She was passionate, engaging, and well-prepared. Dr. White had a wonderful stage presence and captivated the attention of our women by having a good balance of Biblical content, relatable stories, and application.

Her love and excitement for studying the Bible transferred to our women as we were left hungry and more excited to go home to search the scripture for ourselves.

I would highly recommend that you consider Dr. White for your speaking engagements. She was a joy and pleasure to work with.”
